### Gambler's Flash of Gold FF

TWHBEA #20803323  
RHBAA #51583  
Breeding Contract

Gambler and I welcome you to Misty Hollow and hope your experience here will be pleasant and fruitful. Please don't hesitate to call with questions or to check on your mare while she is here. We are happy to hear from you.

#### Mare information:

Name: \_\_\_\_\_ Registration# \_\_\_\_\_

#### Owner Information:

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Phone: Home \_\_\_\_\_ Work \_\_\_\_\_

Cell \_\_\_\_\_

#### Mare Owner Responsibilities:

1. Mare owner agrees to furnish the farm with a current negative Coggins report and a copy of her registration (if registered) on or before the date on which she is delivered to the farm. If a Coggins is not provided, one will be drawn and charged to the owner.
2. Mare owner warrants that the mare being bred is healthy, in sound breeding condition, and is free from infection and disease.
3. If the mare requires services such as palpation and/or ultrasound, a veterinarian will be retained and the owner will be responsible for payment.
4. Mare owner agrees that mare is here at their own risk. Misty Hollow Farm or its owner/agents are not responsible for any illness/injury to the mare, be it related to

breeding or otherwise, incurred while here except to inform the owner as soon as possible. Any medications or veterinary services required and approved by the owner will be the responsibility of the mare owner and will be payable before the mare leaves.

5. If mare fails to conceive or loses a foal for any reason, a clean uterine culture from a licensed veterinarian will be required to schedule return breeding.

**Misty Hollow Farm Responsibilities and Notes:**

1. We promise to keep and handle your mare in as safe a manner as possible.
2. We will tease or breed your mare every other day until she stops breeding. All breeding is live cover by hand.
3. She will be closely observed though not 24 hours a day.
4. A halter will be left on mares that are hard to catch.
5. We reserve the right to decline to breed any mare that proves dangerous or aggressive to ourselves or Gambler. In which case, the stud fee will be refunded but boarding fees will begin on Day 1.
6. If you wish to leave your mare to be pregnancy checked at around 15 days post breeding, we are amenable to that. Boarding and veterinary fees will be due at pickup as stated before.
7. We will advise you of any changes in your mare's status asap.

**Fees and expenses:**

1. The full balance of the stud fee, \$400, must be received with the signed contract on the day the mare is brought to the farm. (Please note – Stud fees will not be refunded unless the stallion is unable to perform his duty. Failure of the mare to become pregnant does not indicate that the stallion did not do his job and does NOT warrant a refund of stud fee.
2. Payment of all other fees are due before the mare leaves the farm. Boarding charges are \$10/day for mare. We do not accept mares with foals.

**Limited Live Foal Guarantee:**

1. Should the mare fail to produce a live foal, the mare owner shall be entitled to return privileges for rebreeding (with a clean culture) for a period of 12 months from the initial date of breeding. There will be no additional stud fee for rebreeding during this time period, but all related expenses incurred, such as board or veterinary, will apply.
2. Pregnancy should be verified and reported to us within 60 days of the last breeding date. We should be notified as soon as possible if there are any changes in the mares pregnancy status ie abortion, resorption, non-viable foal.
3. The mare owner should notify us of the birth of a foal within 10 days. The farm will then send a signed application of registration to the mare owner.

The terms of this agreement have been read and agreed upon by:
